2.4 The CCTV system is administered and managed by Hove Village Day Nursery, which is the controller in respect of personal data collected by our CCTV cameras. If you have any questions about this policy, please contact the Head of Nursery.

2.5 This policy will be subject to review from time to time, and should be read with reference to Hove Village Day Nursery' Data Protection Policy. 4. Positioning

- 4.1 Locations for the CCTV cameras have been selected, both inside and outside our premises, that Hove Village Day Nursery reasonably believes require monitoring to address the above objectives.
- 4.2 Adequate signage has been placed in prominent positions around the premises to inform children, parents, staff and visitors that they are entering a monitored area, identifying Hove Village Day Nursery as the controller operating the CCTV system and including contact details for further information regarding the CCTV system.
- 4.3 These locations have been chosen to minimise viewing of spaces not relevant to the legitimate purposes of Hove Village Day Nursery' monitoring. As far as practically possible, CCTV cameras

will not focus on private property; and no images of public spaces will be captured except to a limited extent at site entrances. In addition, surveillance systems will not be used to record sound and no images will be captured from areas in which individuals would have a heightened expectation of privacy, including medical, changing and washroom facilities.

5. Maintenance

- 5.1 The CCTV system will be operational [24 hours a day, every day of the year].
- 5.2 Authorised personnel will check and confirm that the CCTV system is properly recording and that cameras are functioning correctly, on a regular basis.
- 5.3 The CCTV system will be checked and (to the extent necessary) serviced no less than annually.

6. Supervision

- 6.1 We will ensure that recorded images are only viewed by approved members of staff whose roles require them to have access to such data. This may include security, HR and safeguarding / pastoral staff. Staff using the CCTV system will be given appropriate training to ensure that they understand and observe the legal requirements related to the processing of relevant data.
- 6.2 Images will only be viewed and/or monitored in a suitably secure and private area to minimise the likelihood of or opportunity for access to unauthorised persons.

7. Storage

- 7.1 In order to ensure that the rights of individuals recorded by the CCTV system are protected, we will ensure that data gathered by CCTV cameras is stored in a way that maintains its integrity and security.
- 7.2 Given the large amount of data generated by the CCTV system, we may store video footage using a cloud computing system. We will take all reasonable steps to ensure that any cloud service provider maintains the security of our information, in accordance with industry standards. We may also engage data processors to process data on our behalf. We will ensure appropriate contractual safeguards are in place to protect the security and integrity of the data.
- 7.3 Images will be stored for 30 days, and permanently automatically over-written unless Hove Village Day Nursery considers it reasonably necessary for the pursuit of the objectives outlined above, or if lawfully required to retain such data (for example, by an appropriate third party such as the police or local authority).

Village Day Nursery' Data Protection Policy for further information), including information collected by the CCTV system, if it has been retained.

8.2 In order to respond to a subject access request, Hove Village Day Nursery will require specific details including (as a minimum) the time, date and camera location before it can properly respond to any such requests. This right is subject to certain exemptions from access, including in some circumstances where others are identifiable.

8.3 Hove Village Day Nursery must also be satisfied as to the identity of the person wishing to view stored images and the legitimacy of their request.

8.4.5 To individual data subjects (or their legal representatives) pursuant to a subject access request (as outlined above);

8.4.6 To the Hove Village Day Nursery' insurance company where required in order to pursue a claim (for example for damage to insured property); or
